

Particulate matter purification (PUREAOX AIR PDE300)

air flow m3/h	1500-7000
Efficiency	70-85%
pressure drop (Pa)	70
power consumption (w)	100-600
Number of reactors	2
Filter type	Active plasma
Maximum humidity (relative)	75%
Applicable filters	Bag filter-G4
Base sample weight (kg)	85
• Dust absorption with permanent electronic filter • Ability to recycle value-added materials
